# Rose collection by Terra Nigra: **Bringing**

Product development and innovation have always played an important role in the horticultural industry. For you, it is of utmost importance to work with the best rose varieties. These varieties not only produce the most beautiful flowers, but also give you high production figures, are highly disease resistant and have a long vase-life.

At Terra Nigra, our breeders work every day to develop new varieties with excellent characteristics that your market demands. We are proud to show you our 2010 rose introductions in this flyer.
